

# **Company Discounts**

## **Company Rides**

Once per year you are eligible for 50% off a one way or a round trip. You pay half, the company will pay the other half, so the driver gets full pay for the ride. Just book it the normal way and text Daniel to pay half. If you're booking online or over the phone, make sure you add a note, so no one accidentally charges the full amount on your card.

## **Vehicle Repairs**

You are eligible for 50% off labor in Arizona, but no less than \$85 per hour to cover the cost of running the shop. Parts are at wholesale cost with no tax. Wholesale is typically 30-40% below retail. Company vehicles take priority, but this is an excellent benefit that can save you a lot of money. To qualify you must bring your vehicle to the shop at the address below and leave the keys.
