### Round Trip / One Way Promo Codes

**5STAR** – This 10% off code can be used one time on a one way or round trip after the customer writes 5 star reviews for the company.

5STAR is the only promo code that can be used on a round trip since they already get 10% off automatically both ways and we want to give them something extra for helping us with marketing.

Here is a list of other promo codes that we honor on a round trip; 10% discount is applied automatically. They no longer work on one way trips.
