

# ENGAGE<sup>2</sup>

## Secure remote working workshop Deploy remote work scenarios—rapidly and securely

### Workshop highlights

Evaluate your remote work options and business implications in one workshop

Goal is to enable remote work quickly, with more advanced options at a later stage

ONE day workshop leaves you with a concrete deployment plan, timelines, and next actions

### Why Engage Squared is the right partner

- We bring the knowledge and Microsoft expertise
- We balance people, process, and technology
- We help people to stay connected and secure

Remote work is enabling millions of workers around the world to stay productive, helping organisations to maintain business continuity in the face of our global health crisis.

### Enable your team to work from anywhere with a Remote Work Workshop

With this one-day workshop, we'll show you how you can use Microsoft technologies to:

#### Empower people to stay connected

- Enable people to meet and collaborate from home
- Engage people with virtual events and communications
- Make productivity applications available on any device

#### Maintain security and control

- Enable cloud identities with single sign-on and self-service password reset
- Secure, remote access to Microsoft Teams

### Why Engage Squared?

Engage Squared is a Microsoft Gold Partner, specialising in bringing people and technology together. We work in close partnership with our clients and use the tools in Office 365 to enable you to collaborate more efficiently and effectively.

Gold Cloud Productivity  
Gold Collaboration and Content  
Gold Application Development  
Gold Communications  
Gold Datacenter  
Gold Project and Portfolio Management  
Silver Messaging

In addition to the **Deployment Guidance report**, you'll get:

- Environmental & workload analysis, including a quick assessment of your security posture
- A list of actionable recommendations to deploy hybrid identity, Microsoft Teams, and security
- Teams & Security Adoption Kit, including end user training, workload introductions, and support resources
- An inside look at Microsoft's holistic approach to remote work and how it relates to your organisation
- Identification of potential blockers and challenges
- Recommendation on free Microsoft 365 trials for immediate deployment
- Comprehensive technical guide for advanced remote work scenarios

## Why you should attend

We'll discuss the most critical steps for remote work, and how we can rapidly deploy key scenarios. We'll evaluate your options and leave you with a concrete deployment plan and next steps.

This one-day workshop is primarily focused on business continuity, addressing the following quick steps of enablement:

### 1. Enable cloud or hybrid identity

Single sign-on and self-service password reset

### 2. Rapid deployment of Teams

Checklists, activation, installation, configuration

### 3. Provide Adoption Kit

End user training, workload introductions & support resources

### 4. Secure access to Teams

Conditional Access and MFA

## Who should attend

The workshop is intended for decision-makers such as:

- Chief Information Security Officer (CISO)
- Chief Information Officer (CIO)
- Chief Security Officer (CSO)
- Data Protection Officer
- Data Governance Officer
- IT Security
- IT Compliance
- Data Governance
- IT Operations
