Build the plan to deploy and adopt Microsoft Teams Meetings and Meeting Rooms

Why Engage Squared is the right partner

- We bring the knowledge and Microsoft expertise
- We use Teams everyday
- We balance people, process, and technology
- We help you to be more productive with Microsoft Teams

Do More with Microsoft Teams

Meetings are an essential part of any business. They enable collaboration, creativity and innovation, and help us foster relationships with our peers.

But research shows that spending too much time in meetings or attending low quality meetings can undermine our ability to focus on cognitively demanding tasks. We also know that, since moving to remote work, people are spending on average 10% more time in meetings.

As standards around how, when and where we meet change, our reliance on technology will only increase. The good news is, there are ways to improve the efficiency and quality of the entire meeting experience (i.e. what happens before, during and after a meeting) with Microsoft Teams which has been proven to reduce the total number and duration of meetings.

Workshop Outcomes:

- An evaluation of your current meetings and meeting rooms capabilities
- Art of the Possible immersion experience to showcase Microsoft Teams as your meetings and rooms solution
- Direction on how to transform meetings and audio conferencing across your entire organization
- Customised report-out with actionable recommendations you can follow to ensure your employees and suppliers can meet seamlessly and share information securely in a modern meetings environment

Why Engage Squared?

Engage Squared is a Microsoft Gold Partner, specialising in bringing people and technology together. We work in close partnership with our clients and use the tools in Office 365 to enable you to collaborate more efficiently and effectively.
