

RENEW

Ceramic Sealant

DESCRIPTION

This ceramic sealant is comprised of a silicon dioxide additive package that will bond to the surface of the vehicle providing durable protection, high gloss and water repellency. This product is ideal for use in all wash types as premium add on product. Not only will it shine the vehicle, but it provides a fantastic show with purple foam and grape fragrance!

USAGE INSTRUCTIONS

Apply product to a clean vehicle surface under low pressure. Product can be applied with or without air for added visualization. For automatic and tunnel applications, apply at a rate of 100-250:1. For self-serve applications apply at a rate of 250-400:1 (low pressure application). For high pressure applications begin at a rate of 75-90:1 before running through the high pressure pump. In all applications, product should ideally be diluted with soft water.

FEATURES

- High gloss finish
- Amazing show
- Excellent upgrade product
- Great grape fragrance
