

Plummett

Low pH Detergent

DESCRIPTION

This product is an extremely strong low pH foaming detergent. It provides amazing amounts of white foam while delivering a strong acid punch. This product neutralizes alkaline presoak carryover to improve drying agent performance. Additionally, it produces shinier paint and glass surfaces. This product is truly a must have in soft touch applications.

USAGE INSTRUCTIONS

This product should be applied using a foam generation applicator (foam stick, shower head, pod, foam curtain, etc.). Typically it is used in friction applications, both in-bay automatics and tunnels. Begin by applying it at 250-300:1 (6-8 drops). This product is viscous and thus may require larger metering tips/settings to pull at the proper rate. For best results dilute product with soft water when applying.

FEATURES

- High acidity improves drying
- Effectively keeps cloth clean
- Cleans and shines vehicle
- Highly concentrated

SIZES AVAILABLE

5-gallon pails Code: 10-10022-005
15-gallon drums Code: 10-10022-015
30-gallon drums Code: 10-10022-030
55-gallon drums Code: 10-10022-055
