WELCOME TO BETTER Audio & Video

HuddleCamHD is proud to partner with Yamaha Unified Communications to create four, powerful education solutions. With Yamaha's rich history delivering audio hardware and HuddleCamHD's innovations in video communication, we can provide scalable solutions for classrooms, auditoriums, multi-purpose spaces, and other applications.

A COMPLETE SOLUTION FOR EVERY SIZE CLASSROOM

Optimize your video communication experience with HuddleCamHD cameras paired with Yamaha's quality audio solutions.

WHAT'S YOUR APPLICATION?

When selecting a communication solution it's important to consider your specific application, number of people in frame, and size of your space.

Let's examine some different solutions:

PERSONAL DESK

Ideal for working from home, huddle, and small learning/teaching spaces.

HC-EPTZ-USB

YVC-330

SMALL CLASSROOM

The perfect scalable solution for accomodating small to medium classrooms

HC3X-WH-G2

ESB-1080 & HD Education Kits

LARGE CLASSROOM

The perfect scalable solution for accomodating medium to large spaces and additional participants.

HC12X-HUDDLEVIEW

YVC-1000

LECTURE HALL

Ideal for larger auditorium spaces and lecture halls, perfect for on-site or remote education.

HC20X-SIMPLTRACK2

HD Education Kits

THE PRODUCTS

Let's take a deeper look at the features of these products

HuddleCam Pro

EPTZ Webcam

- 4K
- EPTZ
- USB 3.0
- Auto-framing
- 108° FoV
- Dual microphone array
- Clamp and tripod mount

Auto-Tracking PTZ Camera

- Auto-tracking
- PTZ camera
- 20X zoom
- USB 3.0, SDI, DVI, RTSP, RTMP
- IP camera control
- Control software
- 1080p video

HD Single/Dual

HD-Wireless Microphone System

- Portable plug-and-play design, simple setup
- Superior HD audio quality, and extremely small form factor
- Simple set-up for novice users 128-bit encryption
- Bi-directional audio allows you to listen while using a headset
- Choose between a variety of HD wireless microphones

A COMPLETE AUDIO and VIDEO SOLUTION FOR YOUR LECTURE HALL OR AUDITORIUM

Optimize your communication experience with PTZoptics pan-tilt-zoom cameras paired with Yamaha UC's ADECIA solution.

PTZOptics SDI and NDI®|HX Cameras

Yamaha UC ADECIA

PTZOptics SDI and NDI®|HX robotic cameras pair seamlessly with the Adecia family of products. Whether it's a conference room, lecture hall, auditorium, or town hall, this solution will provide a strong and reliable communication workflow. 1080p video meets quality audio with this ceiling microphone & line array speaker solution.

Overcome challenges with audio and video implementation, configuration and room acoustics, as well as accessing flexible optical zoom options. Pair camera presets and automatic technologies that reduce set up time, costs, and operations complexities. Learn more about this solution at the button below.
