

Dear Friends, Family & Customers:

Bob Russo is pleased to announce the merger of VACH with A. Borrelli Mechanical, a leading provider of HVAC & Plumbing Services. A. Borrelli Mechanical has been in business for 40 years and serves the Westchester County Area as well as Fairfield County. We believe that the combination of A. Borrelli's long standing dedication to their customers and Bob Russo of VACH's personal relationship with his customers will make this a great match. The merger will create a larger practice of experienced technicians who are dedicated to providing you with the best service possible. We can still be reached at 203-357-8816. Some of the new technology that you will experience with this merger will be a customer service representative who can assist you with your service call, estimate or maintenance. You will be sent text messages and emails for reminders as well as confirmations regarding appointments. We are exciting about this merger and can't wait to hear from you! Thank you for being the best part of VACH!

Any Vach customer who would like to sign up with a service agreement will receive a \$25 Amazon gift card.

Bob Russo & Al Borrelli
