

PAYDAY HCM

Learn & Learn PRO

Intelligent Learning. Simplified.

Add Payday HCM Learn or Learn Pro and deliver a simple, yet robust learning system to your employees – anytime, anywhere.

Payday HCM Learn is a powerful LMS delivered within Payday HCM University, the LMS already integrated with your HR and payroll platform. Human Resources, frontline supervisors, and team leaders can create and track online training, personalized for your business. Learning is self-paced and includes gamification elements to keep learners engaged.

With a visually intuitive interface, Payday HCM Learn makes learning more accessible to everyone on your team.

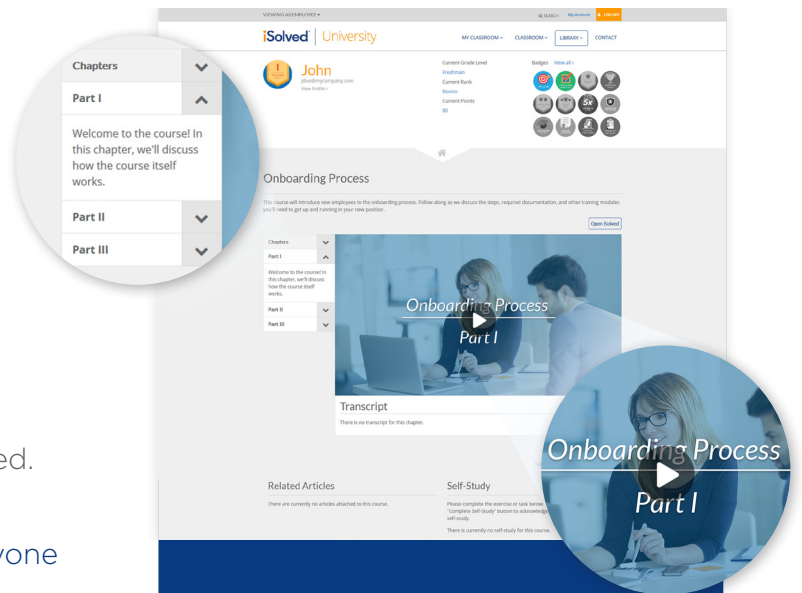

Payday HCM Learn allows you to easily upload your own content to the LMS system and provide user-friendly courses across your entire organization.

Create your own paths, quizzes, and certifications that meet the needs of your organization.

PAYDAY HCM | Learn Pro

With Payday HCM Learn Pro, you'll get all of these features, along with access to a library of 150 training videos on topics, such as compliance, business skills, workplace safety, and management.

No need for an additional third-party solution, you now have a powerful LMS that's already integrated with your Payday HCM payroll platform!

Bring together learning in one LMS platform that is part of your HCM solution — delivered anytime, anywhere.

 Includes short videos, gamification, and intuitive navigation for an enjoyable and engaging user experience.

 Improve your employees' job performance by educating them with learning that is tailored to your organization.

 Use learning to boost employee engagement and ensure consistency across various departments.

Take advantage of these benefits by adding Learn or Learn Pro to your Payday HCM platform!

Learn: \$3.00 PEP
Learn Pro: \$6.00 PEP
