Silver Cloud Platform  
Content Services

Ever wonder how much the ability to save, search and share information is impacting your organization?

Employees spend  
**30%**  
of each work day  
searching for  
information

# 82%

of employees find it  
difficult to label  
documents to make  
them searchable

# 35%

Estimated time  
saved by having a  
searchable record  
of knowledge

# 3.6%

of US GDP is  
spent recreating  
content users  
can't find

How much does misfiled content and misplaced content cost?

**\$20** in labor to file each document

**\$120** in labor to search for each misfiled document

Bringing the best of SharePoint into Outlook and everyone's favourite Microsoft 365 apps with easy-to-use solutions
