Applicant Tracking System (ATS)

Arcoro ATS is a cloud-based solution created to simplify the functions of employment branding, job distribution, candidate management and reporting for efficiency and compliance. The result is a centralized, automated process for attracting high potential employees that will help you reach your goals.

- Deliver an intuitive, mobile-friendly application process across most job boards
- Quickly screen, score & rank candidates to identify and track top-tier talent
- Save time and create consistency with email templates & configurable offer letters
- Be audit ready at any time with built-in reporting and compliance features

Onboarding

Arcoro Onboarding is a compliant, cloud-based solution for companies to organize and automate the process and “paperwork” required to add a new employee to your company. This makes it easy for the company and the employee to efficiently and effectively process new hire paperwork and improve time to productivity.

- Create a memorable first day with a dynamic new hire portal and Kiosk Mode for groups
- Improve time to productivity by eliminating manual, paper-based new hire processes
- Automatically assign policies and custom forms based on location & job assignment
- Minimize risk by handling all employee data in a consistent, compliant manner
