## Gym clearance – a simple exercise!

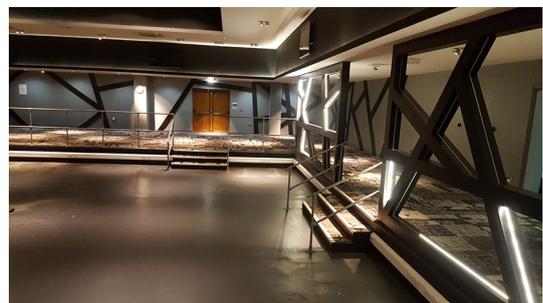

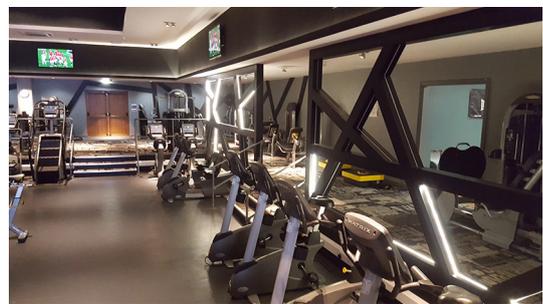

Equita, one of the UK's largest enforcement agencies recently contacted Ramco to undertake the removal of equipment from a fitness centre. The extraction team arrived at daybreak to quickly begin loading equipment onto a fleet of pre arranged collection vehicles. Within hours of arriving over 100 pieces of exercise equipment including treadmills; bikes; weight benches and a variety of gym equipment was on its way back to Ramco's main warehouse.

*"Ramco provided a really efficient extraction service for the seized gym equipment. A well briefed team acted immediately they were given the go ahead. Within hours the equipment was removed from site – great service!"* Alan Smith, Operations Director, Equita Enforcement.

Following a short period of storage, the go ahead was given to arrange an online auction resulting in 26 end user customers from around the UK buying 98 individual items.

*"Ramco recently provided a complete disposal service on behalf of our client – an asset finance business. They removed; stored and sold the equipment free of charge, returning a healthy share of the sale proceeds... and at no cost to our client! I'd highly recommend Ramco to others."* Steven Owens, Solicitor, Greenhalgh Kerr Solicitors Limited.

To find out more about how Ramco can help you with the disposal of surplus assets, please contact the business development team on 01754 880880.
