

New Angle Beveling: Patterned Glass

Whether you're looking for a decorative touch or a functional addition, patterned glass could be just what you need to take your project from good to great.

New Angle Beveling offers a large variety of Patterned Glass options.

Acid-Etched (Velour)

An ideal finish for elegant interior & exterior applications, with notable light diffusion.

Applications:

Shower enclosures, entryways, contemporary partitions

Cast

Cast is a free-form organic pattern that allows light to pass with ease, for a focus on bright experiences.

Applications:

Shower enclosures, furniture & casegoods, commercial partitions

Glue Chip (Single Chip)

An elegant frost-like texture with unique patterns and a satin finish, no two pieces will look exactly the same.

Applications:

Shower enclosures, windows & doors, casework & cabinetry

Altdeutsch K

An excellent choice for casing and cabinetry, with a distinctly clean freeform design.

Applications:

Interior doors & windows, casing, cabinetry, bathrooms

Circa 1800

Reminiscent of mouth-blown glass, Circa 1800 provides an excellent representation of old-world restoration window glass.

Applications:

Historic restoration, interior doors & windows, cabinetry

Misco Diamond Wire

With diamond-shaped wire inlays, this glass offers added fall out prevention and flame resistances. Not to be used when safety glazing is needed.

Applications:

Interior doors, windows, partitions, exterior doors/windows/atriums

Artique

Subtle striations allow light to pass through this pattern in an elegant way, perfect for interior design applications.

Applications:

Corporate & commercial partitions, furniture, cabinetry, restorations

Clear Seedy

Generally regarded as the most transparent of all of the seedy patterned glasses, offering unique variable patterns.

Applications:

Casework, cabinetry, restorations

Pattern 62 (P516)

This pattern is designed to mimic the gentle effects of morning mist with a very subtle, transparent pattern.

Applications:

Shower enclosures, bathroom partitions, office partitions

Bubble

A unique pattern that offers the perfect combination of enhanced beauty and variability in light control.

Applications:

Doors & windows, commercial partitions, shower enclosures, surfaces & tables

English Reeded

This glass offers a ribbed pattern using elegantly modern 1/2" reeds of glass that run along the length of the pane.

Applications:

Cabinetry, door panes, commercial partitions

Rain (Niagara)

This unique pattern uses rippled textures to give the impression of raindrops streaking along the surface of the glass.

Applications:

Shower enclosures, commercial partitions, furniture, cabinetry

Glue Chip (Rolled)

This gentle, fern-like design adds a subtle elegance to any dull or ordinary space.

Applications:

Shower enclosures, interior doors & windows, partitions, furniture

Floralite

A rolled pattern glass with delicate flower-like markings and a soft opacity reminiscent of Florentine or Florex glass.

Applications:

Windows, cabinetry, interior partitions, restorations

Seedy

Unique freeform patterns, and a number of characteristic "seeds" throughout the glass, leads to a slight obscured surface.

Applications:

Casework, cabinetry, partitions, windows

SS Light Restoration

Found in historic landmark restorations, this glass is a mouth-blown pattern with an authentic historic appearance.

Applications:

Historic restorations, interior doors & windows, casework & cabinetry

German Antique

German Antique resembles the unique glass patterns manufactured at the turn of the century, an elegant look that eliminates harsh reflections.

Applications:

Shower enclosures, interior doors & windows, cabinetry

Spraylite

A simple ripple pattern, perfect as a primary or secondary design element with slight obscurity.

Applications:

Shower enclosures, stairways, cabinetry, partitions & privacy windows
