Geo Private Clients

Whether you need to find the right cover for a city flat or a country estate, our household policies can be tailored to suit an individual's needs and protection requirements.

Within our own Geo Private Clients Household policy we include Cyber insurance as standard. This will cover clients for cyber ransoms, crimes, hacks and virus infections - as well as giving the whole family access to a unique Cyber Protection package.

In addition to our own Geo Private Clients Household policy, our specialist team also underwrite a suite of High Net Worth products from other leading insurers.
