## Sports, Leisure & Entertainment

When hosting or organising any type of event, organisers need to be protected against the most common problems they could face, like cancellation and money theft, or more complex risks, like terrorist attacks.

Our Events cover can be tailored to give your clients peace of mind, thus allowing them solely focus their efforts on delivering a successful event. Extra cover options are available for non-attendance of key personnel, estimated reduced attendance and cancellation as a result of terrorism.

Your clients might also be interested in Venue or Entertainment insurance, for which our expert team can guide you through the process.

We offer some of the broadest levels of cover available, giving your customers extra security. You can combine any of the following elements to create a tailored package suitable for you:

- Buildings cover
- Contents at the Business Premises
- Contents Away from the Business Premises
- Equipment Breakdown
- Business Interruption
- Cancellation and Abandonment
- Public and Products' Liability
- Employers' Liability
- Directors and Officers' Liability
- Commercial Legal protection
- Internet and Email cover
