ABOUT iscd

SINCE OPENING ITS DOORS OVER 35 YEARS AGO, THE INTERNATIONAL SCHOOL OF COLOUR AND DESIGN (iscd) HAS HELPED THOUSANDS OF PEOPLE REALISE THEIR CREATIVE POTENTIAL.

iscd is more than just a design school; whether you want to be a designer, decorator, colour specialist, stylist or you simply want to unleash your creativity, we are here to inspire, educate and share our passion with you.

iscd is a quality provider of design education. Our curriculum includes nationally accredited courses, industry driven short courses and a series of workshops for design enthusiasts and professionals.

We are proud to work with leading industry associations and companies who offer added benefits and opportunities to our students and graduates.

Throughout our school year we hold various events for the iscd community and beyond. These include annual trend seminars, design events and presentations with expert designers.

iscd offers a range of flexible study options for studying online.

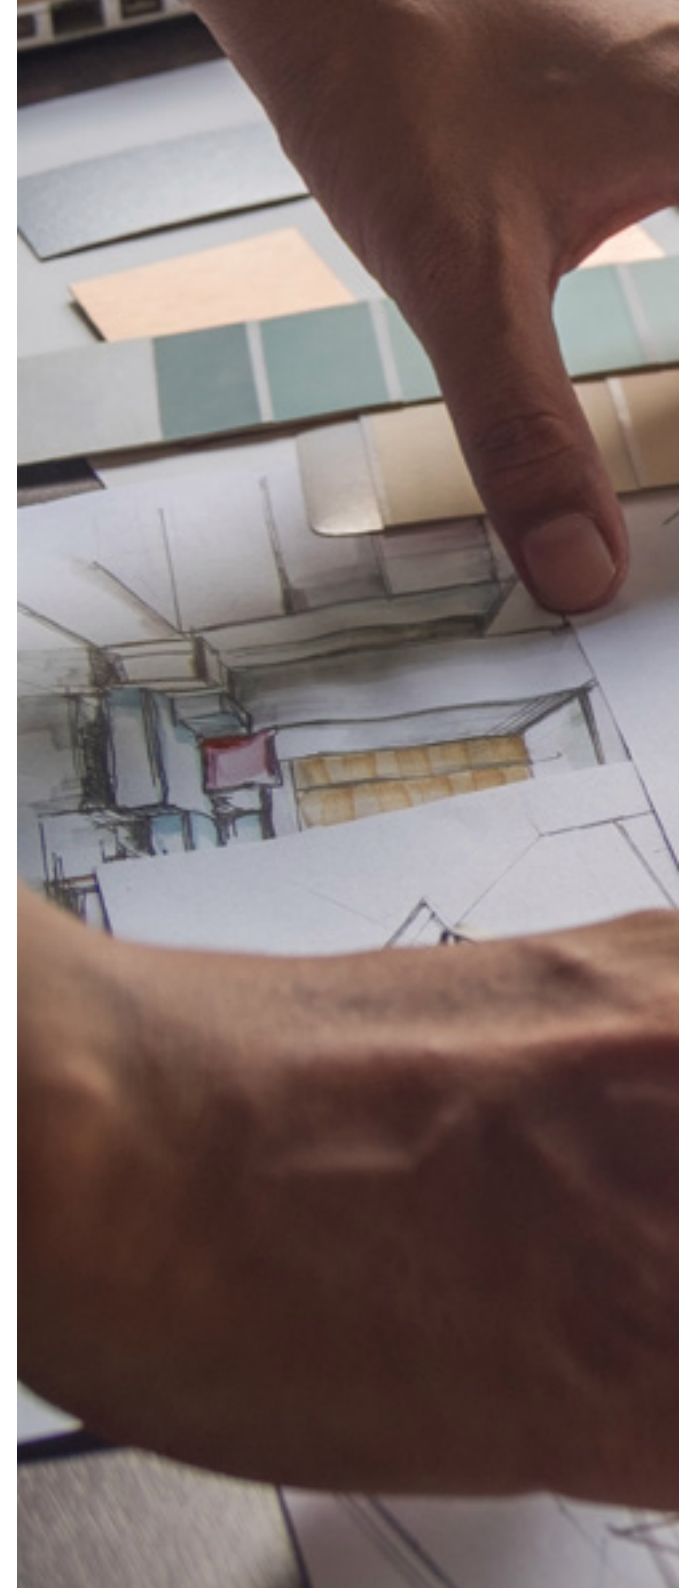

The focus at **iscd** really is on you - we are passionate about colour and design and want to nurture your creativity by delivering quality training and authentic online experiences to help you achieve your goals.

CAREER SUPPORT:

Connect is an annual event in Sydney exclusive to all **iscd** graduates and alumni. An event focused on connecting you with industry through product exhibitions, guest speakers, career opportunities and a live Q&A panel with some of Australia's leading designers.

OUR INDUSTRY PARTNERS INCLUDE:

- Jen Bishop, Interiors Addict
- Porter's Paints
- Taubmans
- Haymes Paints
- Home Beautiful / Pacific Mags
- James Treble
- Cossentino
- Smartstone
- PolyTec
- Emily Ziz Style Studio
- DiLorenzo Tiles
- Eussen Lifestyle
- Merino Homes
- Caroma
- Practical Homes

A hand-drawn architectural floor plan is the central focus, featuring various rooms and dimensions. A hand is visible in the top left corner, pointing at a color swatch strip. Another hand is in the bottom left corner, holding a black pen. A silver pen lies horizontally across the plan. The plan includes a 'Living Room' label and dimensions like '1.20', '4.00', and '2.00'. A semi-transparent blue circle in the lower right contains the text 'DESIGN THE WORLD YOU WANT TO LIVE IN'.

STUDY **ONLINE** WITH iscd

ONLINE

Your learning experience provides the flexibility to study the way you want to suit your lifestyle. Assessments are based on live briefs for real projects, utilising the latest technology and methods to ensure you have a great experience that is engaging, fun and personal.

STUDY ANYTIME, ANYWHERE, ON YOUR CHOSEN DEVICE

Your online studies will use Canvas, one of the top student learning systems in the world. It's a management platform that delivers an intuitive cloud-based user experience which can be customised to suit your individual preferences. What's more, Canvas allows you to view content across multiple devices. We provide a study calendar to help you manage your study pace. However you can always complete your studies faster.

INTERACTIVE LEARNING

Your learning experience shouldn't be in isolation. It should reflect the collaborative approaches you'll be implementing in the marketplace. Each subject is structured and developed in an easy to understand format supported with daily discussion boards for idea sharing, visuals and video so you can learn and play simultaneously.

YOUR EXPERT TRAINERS

Delivered online and supported by a team of trainers, our design courses offer not only a premium learning experience, but also personal feedback. All our trainers are experts in the design industry and are there to support your journey right through to graduation. Our team is totally focused on your needs. Students are supported by video feedback on assessments, participation in forums, email and marking assistance, as well as mentor feedback. **iscd** also provides students with administration and technical support.

CONTACT YOUR TRAINER

Need to chat about your tasks and assignments? Want to ask questions? Your trainers are only an email, phone or video call away with a very quick response rate to ensure your study is not disrupted.

SHORT COURSES ONLINE

ONLINE SHORT COURSES

Want to pursue your creative passion, build upon your existing skill-set or gain practical expertise to complete your own home renovation or design project? iscd offers a range of 6-week online industry-recognised OpenCred micro-credentials that allow you to harness skills in Colour, Surface Design or Interior Styling.

Designed in conjunction with industry, these micro-credentials are short, bite-sized mini-qualifications that allow you to quickly harness a skill-set in your chosen area, without sacrificing your day job. They are a fast, practical and industry-relevant way to upskill.

COLOUR ESSENTIALS OVERVIEW (FULL PRICE: \$650)

Learn about colour from the experts with this course designed alongside Haymes Paints. Gain knowledge of terminology, psychology, and the complexities of colour relationships in action. Understand how to apply colour to space through spatial planning and mood. Understand the impact of light, architectural design influences, the basics in various paint technicalities, culminating in

analysing numerous client scenarios and providing a complete colour scheme to a brief.

STYLING ESSENTIALS OVERVIEW (FULL PRICE: \$650)

Styling is the practice of creating a beautiful room, studio or set to meet a brief for a particular aesthetic for a large-scale photo shoot, product photography or flatlay. These skills are applicable for product styling, set styling, photography styling or interior styling.

This course, endorsed by the Home Beautiful editorial team, includes inspiring, beautiful and course-relevant content from Home Beautiful magazine. Covering the latest in local and international design trends; practical case studies with lots of take-out ideas, and expert styling tips, tricks and advice. The course culminates in analysing a styling brief and providing a complete styling solution.

SURFACE DESIGN ESSENTIALS OVERVIEW (FULL PRICE: \$650)

A Surface Designer creates two-dimensional designs that are suitable for a wide range of applications. Applicable to fabric, fashion, bed and kitchen linen, homewares, stationery, retail packaging, graphic design executions and wallpaper to name a few.

This requires versatility on the part of both the designer and the design as you work to different technical specifications for each application. In this course we teach you the foundations in creating original designs while creating your own pattern bank then working in Illustrator to gain the technical skills required to create and develop basic patterns into repeat.

Your personal design style will develop through the course with feedback on select tasks as you progress.
