JumboForce Strengthens Operations with Ramco ERP for Services

~ Implements end to-end integrated ERP solution to address staffing operations ~

Dubai, UAE/ Chennai, India – March 2, 2016 – JumboForce, a Jumbo Group enterprise, and an upcoming talent and people management solutions provider in the GCC, today announced that it has implemented **Ramco Systems'** Services Resource Planning (SRP) solution. Ramco's future-ready enterprise offering will integrate JumboForce's staff outsourcing and HR operations.

Ramco SRP, an end-to-end solution integrating key functions such as HR and finance with project management, will provide modules of staffing operations, sales, payroll, inventory & procurement and employee self-service to JumboForce.

Vishesh Bhatia, CEO, Jumbo Group, said, "As pioneers in our industry with a heightened focus on addressing clients in the technology sector, we understand the importance and need for improving efficiency at all levels through technology. Ramco demonstrated great expertise and functional depth in staffing and HR operations, and by implementing their SRP offering, we have been able to get a bird's eye view of all operations."

Commenting on the go-live, **Virender Aggarwal, CEO, Ramco Systems** said, "With services-centric organizations embracing the latest in technology, Ramco has been witnessing some significant traction in the professional services sector. Our association with JumboForce, further cements the success we are witnessing in the Middle East as a region and professional services as a vertical. Having provided record-time implementation to clients in this vertical, we are excited to add yet another leading name to our SRP clientele."

Interestingly, Ramco SRP was recently recognized as a Representative Vendor in Gartner's Competitive Landscape: ERP for Services, 2016.

Professional Services is a growing market segment, globally. Ramco ERP for Services offers project management that is tightly integrated with HCM & Finance modules. It also supports both Milestone and T&M (Time and Materials) based project models. It further provides comprehensive project tracking with revenue recognition. With built-in mobility and analytics and deployment option on cloud, Ramco SRP has grown to attract multiple businesses from across the globe.

About JumboForce:

JumboForce, part of the Jumbo Group, is a talent and people management solutions provider offering customised solutions in staffing, HR consulting and process outsourcing in the Middle-East. In a period of less than two years, it has already established itself as a dominant player in the technology sector and is fast growing in other sectors such as banking, FMCG, healthcare and hospitality with expertise across various skill/competency levels, functions and nationalities.

About Ramco Systems:

Ramco is a fast growing enterprise software player disrupting the market with its multi-tenanted cloud and mobile-based enterprise software in the area of HCM and Global Payroll, ERP and M&E MRO for Aviation. Part of the USD 1 billion Ramco Group, Ramco Systems focuses on Innovation and Culture to differentiate itself in the marketplace. On Innovation front, Ramco has been focusing on moving towards Cognitive and Robotic ERP with features such as Mail It – a feature which enables users to transact with the application by just sending an email; HUB It - a one screen does it all concept built to address all activities of a user; Thumb It – mobility where the system presents users with option to choose rather than type values and Prompt It – a cognitive ability which will let the system complete the transaction and prompts the user for approval.

With 1,600+ employees spread across 20 offices, globally, Ramco follows a flat and open culture where employees are encouraged to share knowledge and grow. No Hierarchies, Cabin-less Offices, Respect work and not titles, among others are what makes the team say, Thank God it's Monday!
