

# Increase Reimbursement and Improve Compliance with Coding Best Practices

Not all physician practices will survive 2020

Coding errors can cost thousands each month and lead to fraud

Best practices in coding foster speed, accuracy and greater profitability

R1 helps practices increase profitability by eliminating root causes of coding and inaccuracies

| Customized offering                   |                                     |                                        |
|---------------------------------------|-------------------------------------|----------------------------------------|
| ✓ Chargemaster optimization           | ✓ Charge capture                    | ✓ Strategic pricing                    |
| ✓ Payment variance analysis           | ✓ HIM coding review                 | ✓ Transfer DRG Review                  |
| Flexible approach                     |                                     |                                        |
| ✓ Quick implementation as needed      | ✓ Flexible engagement timeframe     | ✓ Scale and expertise at your disposal |
| Results                               |                                     |                                        |
| ↓ Lower coding costs up to <b>30%</b> | ↑ Increase revenue up to <b>20%</b> |                                        |

Strengthen your practice's financial health today

Increase reimbursement and mitigate fraud risk by making sustainable improvements to your coding. Read [Getting Paid for All You Do](#), or [contact us](#) for a complimentary audit of up to 10 charts.

R1 RCM is a leading provider of technology-enabled RCM services which transform and solve revenue cycle performance challenges across hospitals, health systems and group physician practices. R1's proven and scalable operating models seamlessly complement a healthcare organization's infrastructure, quickly driving sustainable improvements to net patient revenue and cash flows while reducing operating costs and enhancing the patient experience.
