## REGISTRATION GUIDE

### Getting Started – Before the Registration Application

---

- Both parents must be AQHA registered or an AQHA established thoroughbred.
- Sire must have a disease panel and DNA type on file.
- Stallion breeding report must be on file for the breeding resulting in foal produced.
- Dam must have a DNA type on file.
- When producing a foal by embryo transfer:
  - Mare must be enrolled in embryo transfer program **before** the breeding takes place.
  - If enrolled after breeding and/or foaling, penalties will be applied.
  - If registering multiple embryo foals, the mare must be listed on the stallion's breeding report for each exposure.
  - If an enrolled mare carried a foal, please notate on registration application.

### How To – Registration Application
