

*"The entire experience of working with BodyArt by VMS was phenomenal. They picked up my company van, printed the graphics, applied the wrap, and delivered my finished product the next day. I would recommend BodyArt by VMS to anyone in need of fleet graphics and would use their services again and again."*

BodyArt by VMS is the premier vehicle wrap installation and removal service provider in not only the Northeast Ohio area, but also around the United States. We offer a wide range of custom vehicle graphics, varying from single decals to complete vehicle graphics. We can work with small cars to full size semi-trucks. Located in Twinsburg, Ohio our family of 115 employees strives to provide our customers with exceptional quality products and services.

BodyArt by VMS knows how important it is to make your company's name stand out, and with our fleet graphics and vehicle wraps we can help you transform your fleet into a cost-effective marketing tool. Offering a wide range of custom graphics from single decals to full wraps on cars, trucks, buses and trailers, we have what you need to turn heads and get your company noticed.

From start to finish, we work with you step-by-step to successfully complete the vehicle graphic process. From design

and printing to installation and removal, BodyArt by VMS is your one-stop shop for all the custom vehicle graphics you need.

Every day, your company vehicles get ample exposure to potential customers whether your fleet is a national transportation company or a local professional service. Why not advertise your brand on your vehicles and start putting your fleet to work for you?

Did you know that 91% of people notice the words and pictures on fleet vehicles? Or that 75% of people develop a favorable impression of the company when fleet graphics are being used? This is the perfect opportunity to market your company by advertising your products or services, increasing your brand awareness and maximizing your sales!

To make sure that you are getting the most out of your investment, we have a team of professionally trained installers who can handle the installation and removal of your graphics and wraps. We are a

Professional Decal Applicators Alliance (PDAA) certified installation company delivering the highest quality assurance our industry has to offer.

PDAA is a national organization of installers that partner to perform installations nationwide. Our PDAA affiliation allows BodyArt by VMS to coordinate the installation of vehicle wraps on your entire fleet of vehicles regardless of where in the United States they are located.

## Why wrap your vehicle?

### Instant Identification

When answering a call in your company vehicle, a branded van or truck adds legitimacy to your company. An unmarked vehicle is not readily identifiable and could alarm your customers.

### Advertisement

Many forms of advertisement charge per impression (or per instance viewed by a potential customer). With a vehicle wrap, you are constantly making impressions for the life of the wrap with only a single, affordable payment.

### Brand Awareness

Wrapping your vehicle has long-term benefits as well. Even if someone is not currently looking for the service you provide, seeing your wrapped vehicle puts your brand name in their mind and makes it easier for them to recall your business when they *are* looking.

### Vehicle Protection

Smaller businesses may only have one or two company vehicles that they rely on. Protect your investment with a vinyl wrap, which creates a barrier between your vehicle and dirt, rocks, and other elements on the road that could cause wear and tear and reduce your vehicle's value.
