

We know things are going to be different next academic year, so we wanted to give you an overview of your Newcastle University experience for 2021

## On Campus

### For Your Safety

- Targeted cleaning across all campus facilities.
- Safety measures including physical distancing, screens, barriers, wipes and hand sanitiser.

### Campus Helpers

Should the Covid-19 situation necessitate it, there will be campus helpers on site to guide you, and help you move around campus safely.

### Food and Catering

Enhanced safety and physical distancing measures across all our campus catering outlets. And our Students' Union Campus Co-op store can deliver to you!

## Student Life

### Social Activities

Enjoy our Students' Union Welcome programme of activities when you arrive. And choose from 200+ clubs and societies, offering activities online and on campus.

### University Accommodation

- Purpose-built study bedroom during your first year.
- Targeted cleaning in high contact areas to ensure your accommodation is clean and safe.
- Bookable arrival time on your allocated arrival day.

### Sport Facilities

From 26th April, Sports Services will be opening the new Gym and Strength and Conditioning facilities, as long as government guidance allows. Students can also expect a choice of over 60 sports clubs, as well as sports scholarships and extensive exercise class programmes.

### Student Support

We're optimistic that we will be able to provide face-to-face support, in addition to the online provisions that are always available. We offer Wellbeing and Finance support services, in addition to our award-winning Careers Service, so you can access one-to-one counselling appointments, online CV support and virtual finance advice sessions at your convenience.

### Your Support Network

All students have a personal tutor for academic support. And if you are a first year undergraduate, a peer mentor will help you settle in and make friends. Current students have described their personal tutors as a reassuring, welcoming presence during their first year.

## International Students

### Meet and Greet\*

We'll meet you at Newcastle Airport and make sure you can travel safely to campus.

*\*Meet and greet service must be booked in advance and is subject to availability.*

### Quarantine

For students in quarantine this year we have provided full support packages, including food.

### Accommodation Offer

For new undergraduate international students we can provide a safe, clean, purpose-built study bedroom for every year of your study.

## Academic Life

### Flexible Teaching

At this time, it's difficult to say for sure what the next year will look like. However, teaching will be as flexible as possible with present, in-person teaching expected as a key part of all modules. Modules will also include blended modes of delivery, and non-examination forms of assessment.

### Our Libraries

We have excellent library support, including access to specialist subject librarians, an extensive book collection, and online resources consisting of 55,000 e-journals and more than 600,000 e-books.

### Access to IT

- 3,000 spaces on our virtual cluster so you can access all the software you need from your own computer.
- **Study spaces** across campus with social distancing measures in place.
