

Wise Business is the only business account you need to go global. It has everything you need to grow and operate internationally — without the high fees, hefty admin, and headache of a local bank.

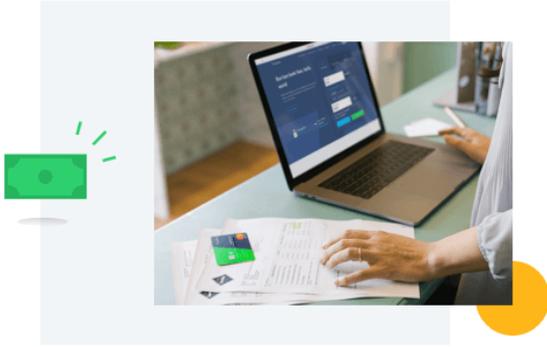

Wise always convert money at the mid-market exchange rate. Their multi currency account comes with unique international account details for 9 currencies and ability to hold and convert over 50 other currencies.

What can you do with a Wise account?

Used by over 10 million customers, a Wise Business account allows you to:

- Make international payments **up to 19x cheaper than PayPal** and up to 8x cheaper than regular banks
- Pay invoices and suppliers, buy inventory, handle payroll, in 70+ countries
- Make up to 1000 payments in one go via a batch CSV file or automate payments via API
- **Send USD, EUR & GBP payments** to recipients all over the world eg. USD payments to Chinese suppliers
- Receive payments from overseas without high recipient or conversion fees - including platforms like **Amazon** and **Stripe**
- Get unique account details for UK, Europe, US, Canada, Singapore, Australia, New Zealand, Hungary & Turkey
- Hold and convert between 50+ currencies all in one account
- Synch your accounts with Xero, QuickBooks & FreeAgent
- Set up direct debit payments from your Wise USD, GBP, EUR and AUD balance accounts to pay for online subscriptions, bills or taxes
- Allow your team to spend online and in-store with the Wise business debit card
- Add team members to help with reporting and payments via multi-user access
- Make & handle payments via desktop or mobile app on Android & iOS
