Colorado

ABOUT THE TRIP

Opportunities to Perform

I was looking for a festival that I could attend with my group that would give us the chance to march and play in a concert or jazz band festival. The Outback Bowl matched all my criteria. The ability to bring multiple groups for multiple performances was invaluable.

Reliable Planning

I had traveled with Brightspark in the past and the trips are always run well. Working with Brightspark and my Tour Consultant, Mark, was great. The phone calls were always productive, and communication was always available and efficient.

Stealing the Show

The New Year's Eve Parade through Ybor City was an amazing experience. While we were rehearsing our choreography, the college bands cheered for us. It was an amazing shot of adrenaline that made our kids enter the greatest parade atmosphere I have ever seen! One of my students told me it was "the most fun he has ever had playing his instrument." They are already recruiting their friends for next year's Outback Bowl!
