

ASNOA®

An independent insurance network that provides more than just carrier access

"I wanted the ability to run my agency the way that I wanted to, as opposed to how a corporation wanted me to. The support that ASNOA provides for you makes it a lot easier to start the new transition....[and] has been invaluable."

Emilio Montes
Principal, Superior
Insurance Group, LLC

WRITE **WHAT YOU WANT**, **WHEN YOU WANT**

More Freedom to Do Business Your Way

No more DMs breathing down your neck, pushing life insurance or bust. Instead, you can enjoy the freedom to pick and choose the policies you write and what carriers you do business with.

More Carrier Options That You Own

Agents with ASNOA have *more direct carrier appointments* than members of other agency networks. Direct appointments are an important distinction because it means you own the business with that carrier - and *your name is on the policy, not ASNOA's*.

You Own Your Book of Business.

ASNOA **DOES NOT** lock you down with non-compete language on future carrier appointments in our contracts.

EARN YOUR **TRUE WORTH**

The Agent Support Network of America (ASNOA) focuses on helping captive agents make the transition into the independent model. Together, we can help you experience true ownership and take your earnings to the next level.

Earn Top Tier Commissions Easier

Due to ASNOA's premium volume, we can negotiate higher commission rates and help you *obtain larger profit margins*. ASNOA negotiates with your best interest in mind, and commissions are honestly shared across the network with *clear and transparent reporting*.

See Higher Close Ratios

With more carrier choices and product options, you have the ability to close a higher percentage of your prospects. On average, ASNOA agents *close 80-90%* of their *PL quotes*.

Obtain Larger and More Fair Profit Sharing

Unlike other networks, profit/loss requirements are determined per carrier at ASNOA. So instead of being potentially penalized across the board for one carrier's performance, *you earn every dollar you qualify for, and rightfully earn*.

Gain More Growth Bonuses

You can have the ability to *earn bonuses at an elite status* - and *qualify for exclusive spiffs/contests* with select carriers - because of the size of ASNOA, our consistent premium volume and our long-term close relationships with carriers.

Expand Into New Markets

With insurance, more product knowledge equals more revenue; plain and simple. And the money right now is in selling commercial lines. Knowing this, ASNOA has set up a free commercial lines training program to help you *become a commercial closer / rainmaker*.

IT'S YOUR BRAND, **NO ONE ELSE'S**

Your Business, Your Story

We don't want to force our company's branding onto yours. You do all the work, you deserve all the recognition. With ASNOA, *you own your identity and brand*. Only your brand is visible to your client, never ASNOA's. We are only here in the background to help you succeed when you need it.

Expect Honest Ownership

As a captive, you really do not own your book. Even with most independent cluster groups, they say you own it, but you really don't. That's why ASNOA give you 100% contractual ownership from day 1, with multiple ways to exit. There is no non-compete

Ensure Your Legacy

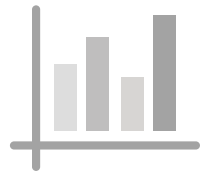

We also make it easier by providing succession planning right in our contracts where you have total control. In addition, ASNOA will provide individual support throughout the transition to make it as cost effective and stress free as possible.
