

Earl Stewart Toyota COVID-19 Precautions

A Message from Earl Stewart

As the novel coronavirus (COVID-19) continues to impact our community, I feel it is important to connect with you directly to share more about the steps we are taking to help keep our guests and team members safe and healthy.

Our thoughts and prayers go out to all those affected by COVID-19 in our state, country, and around the world. The health and safety of our guests and team members has always been and will continue to be our top priority.

Constant Deep Cleaning: We have increased the intensity and frequency of our daily facility cleaning and have also enhanced the nightly deep cleaning of our facilities, including sanitizing high touch areas such as keyboards, telephones, guest common areas, our shuttle vans, and other high touch areas. We have also put a regular sanitizing regimen for all surfaces in customer and employee areas in place during business hours.

We have also added additional hand sanitizer and cleansing wipes in our facilities for use by both our team members and guests. We are also ensuring our team has the information they need to stay healthy and mandated them to stay home if they aren't feeling well.

We require all employees to wear protective cloth face coverings while at work, per the CDC guidelines.

No-one Sick Will Be Allowed to Come to Work: All employees will receive full pay for missing work due to infection or suspicion of infection by the coronavirus. No one who is sick or possibly sick will feel obligated to come to work for fear of missing a paycheck.

We believe Earl Stewart Toyota is well ahead of the curve when it comes to COVID-19 preparations and we intend to remain open for business to serve our community.
