

## VACCINATION TRACKING

New vaccine mandates in the United States require updated processes to safely track COVID-19 vaccination status across all projects. Simplify the management of dynamic confidential information while keeping teams safe and sites open. **With the worker at the center of the HammerTech Safety Platform**, you can stay on top of workforce management and COVID requirements while reducing worker shortages.

### **Empower Workers While Tracking COVID-19 Vaccine Status or Tests**

The self-service portal makes it easy for workers to confidentially provide and update their latest vaccine status, attestation, records or negative tests. Manage digitally, save time and increase productivity.

**Pro-active Pre-qualified Trade Partners and Workers - reducing incident risk by up to 60%**

### **Expedite Contact Tracing**

Quickly identify COVID-19 exposure risk and tiers in PowerBI. Keep workers safe and get teams back to work sooner.

### **Prevent Non-Compliant Workers From Entering the Jobsite**

Flag and reduce time locating non-complaint workers. Keeps projects on schedule and sites open.

## REAL-TIME RATES

### **Track Real-Time Vaccine Rates and Negative COVID Test Results**

See compliance percentage per employer per worker and be notified of changes in vaccination status and COVID tests. Quickly identify gaps and address them.

## VACCINATION TRACKING

**Leverage Digital Sign-In's and PowerBI to securely manage:**

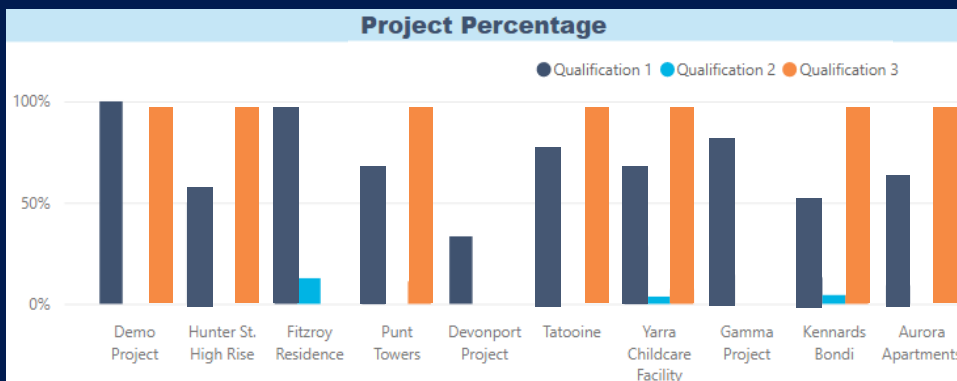

- COVID-19 Questionnaire Responses
- Vaccination Attestation Responses
- Sign-in / Sign-out and Hours
- COVID-19 Vaccination Records
- COVID-19 Negative Test Records
- Worker Contact Tracing Notices
- Worker Contact Information

**Improve information security and increase data accuracy by up to 43%.**

The smartphone screen displays the HammerTech app interface. At the top, there's a progress bar with four steps: 'Sign in type' (checked), 'Select' (checked), 'Details' (active, highlighted with a blue circle), and 'Complete' (disabled). Below the progress bar, the text reads: 'Please review and answer the following checklist based on CDC guidelines to help protect workers:'. The checklist consists of three questions, each with 'YES' and 'NO' buttons:

- Question 1: 'Are you experiencing any symptoms such as fever, cough, or shortness of breath?' (Buttons: YES, NO)
- Question 2: 'Have you been in close contact\* with anyone who has been diagnosed with COVID-19?' (Buttons: YES, NO)
- Question 3: 'Have you been in close contact with anyone who may have COVID-19 but is yet to be confirmed?' (Buttons: YES, NO)

Below the questions, there's a final question: 'Are you currently in close contact with anyone, such as a family member, who is experiencing symptoms or has been confirmed as positive for COVID-19?' (Buttons: YES, NO).

## INTEGRATED SAFETY PLATFORM

HammerTech reduces operational costs with improved productivity and increased visibility.

Manage all areas of safety and worksite operations in a single solution. **See increased productivity by as much as 16%.**
