

OWNERS

Gain real-time visibility into every project with data direct from the jobsite

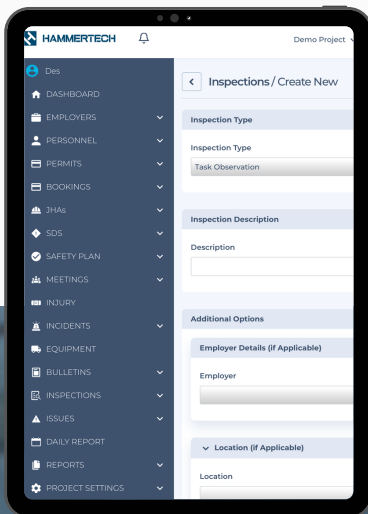

Pro-active Pre-qualification

Reduce injury and incident risk by up to 60% and avoid delays. View compliance with all pre-start processes from anywhere, anytime. Have confidence everyone onsite is qualified and prepared - prior to works starting.

Prevent Costly Delays

Cultivate a proactive culture with live leading and lagging trends. Receive Stop Delay Notifications to ensure issues that pose schedule risk are duly mitigated.

We Believe Owners should have access to safety and operational data directly from the jobsite **to improve project outcomes.**

DELAYS UP TO

32%

PLANNED VS. ACTUAL BOTTOM LINE INSIGHTS

Manage Cashflow Demands

Review real-time hours worked to spot gaps in the forecast to mitigate unexpected delays or increased cashflow demands.

Reconcile with Actuals

Compare invoiced and billed labor hours per project by subcontractor by worker to prevent over/under payment.

INTEGRATED SAFETY PLATFORM

HammerTech reduces operational costs with improved productivity and increased visibility.

Manage all areas of safety and worksite operations in a single solution. **See increased productivity by as much as 16%.**

2Mil+

GLOBAL PROJECT WORKERS

Powerful Dashboards and Reporting available on any mobile device provides remote access to data directly from the field.

Leverage PowerBI - standardize risk and safety data combined with existing BI and company-wide data warehouse reporting to jobsite, project controls, executive and owner stakeholders.

Eliminate Paper and Spreadsheet Processes resulting in increased job profits and seamless collaboration.
