

# CONTROL TOWER

**HammerTech reduces operational costs with improved productivity and increased visibility.**

**Manage all areas of safety and worksite operations in a single solution including:** online enrollments, inspections, orientations, employers, equipment, monitoring, permits, JHAs and SDS management, audits, compliance, punch lists and more.

## **Powerful Dashboards and Reporting**

provide stakeholders remote and jobsite transparency.

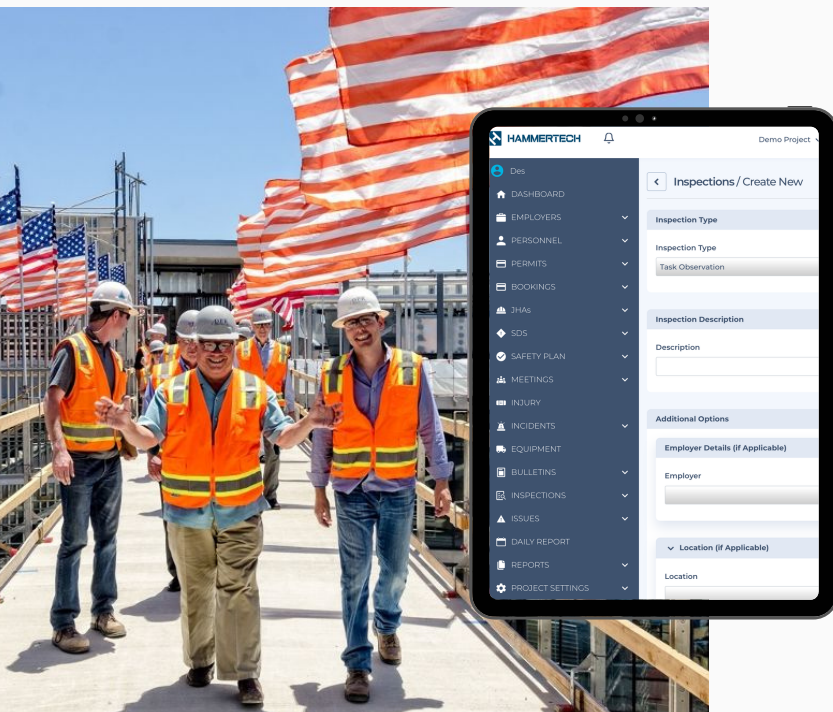

## **Leverage PowerBI**

Standardize risk and safety data combined with existing BI and company-wide data warehouse reporting to field, PMO, executive and owner stakeholders.

**Eliminate paper and spreadsheet processes** resulting in increased job profits and seamless collaboration.

## **Key Project Data Includes:**

- **Project Performance Data (Daily Reports, Inspections, Pre-Qualifications, Control Tower)**
- **Hours and Activities (Daily Reports, Meetings, Issues)**
- **Productivity Data (Daily Reports, Meetings, Pre-Start Meetings)**
- **Safety Data (Safety Plan, JHAs, SDSs, Incidents, Inspections)**
- **Equipment Data (Status, Maintenance Records, Servicing Hours, Inspections)**

## ONE VIEW ALL PROJECTS

### Increase Jobsite Productivity

Lowers injury rates and increases jobsite performance.

Join **2 million+ active HammerTech jobsite workers** in safety, risk, and compliance projects see an increased productivity rate by as much as 43%.

### Manage All Workers and Subcontractors Across All Projects

Equip workers with up to date orientations, training, and site information. Reduce risk and job costs.

### Reduce Premiums and Insurance Costs

Jobsites with qualified contractors significantly lower insurance premiums and risk, keeping projects on time, while optimizing productivity.

### Faster Start/Completion Times

Pre-qualification expedites onboarding and productivity for on-time job completion. Align the qualified resources for the right work.

**We Believe** Project and Jobsite information should be accessible to **ALL project stakeholders including workers, schedulers, estimators, and project controls.**
