PPP Forgiveness Report **2019 Employee Hours Paid**

- February June Hours: Calculated by summing up hours paid in each of those months. ٠
- February June FTE: Calculated by total hours in each month divided by hours threshold ٠ calculation, which uses the weekly hours threshold entered (or 40 hours) converted to a monthly amount based on the # of days in each month. If employee works more than the monthly hours, they are counted as 1 FTE, if working less than the monthly hours, they are counted as a fraction of an FTE.
- For the month of February 2019, hours will be cut in half for the FTE calculation. ٠ **Example:** If an employee has 80 hours from 2/15 through the end of the month, they should be a full FTE.

FTE Reduction Safe Harbors

Two separate safe harbors exempt certain borrowers from any loan forgiveness reduction based on a reduction in FTE employee levels:

- 2.

1. The Borrower is exempt from the reduction in loan forgiveness based on a reduction in FTE employees described above if the Borrower, in good faith, is able to document that it was unable to operate between February 15, 2020, and the end of the Covered Period at the same level of business activity as before February 15, 2020, due to compliance with requirements established or guidance issued between March 1, 2020 and December 31, 2020, by the Secretary of Health and Human Services, the Director of the Centers for Disease Control and Prevention, or the Occupational Safety and Health Administration, related to the maintenance of standards for sanitation, social distancing, or any other worker or customer safety requirement related to COVID-19.

The Borrower is exempt from the reduction in loan forgiveness based on a reduction in FTE employees described above if both of the following conditions are met: (a) the Borrower reduced its FTE employee levels in the period beginning February 15, 2020, and ending April 26, 2020; and (b) the Borrower then restored its FTE employee levels by not later than December 31, 2020 to its FTE employee levels in the Borrower's pay period that included February 15, 2020.

FTE Reduction Safe Harbor 2:

- Step 1. Enter the borrower's total average FTE between February 15, 2020 and April 26, 2020. Follow the same method that was used to calculate Average FTE in the PPP Schedule A Worksheet Tables. Sum across all employees and enter:
- Step 2. Enter the borrower's total FTE in the Borrower's pay period inclusive of February 15, 2020. Follow the same method that was used in step 1:
- Step 3. If the entry for step 2 is greater than step 1, proceed to step 4. Otherwise, FTE Reduction Safe Harbor 2 is not applicable and the Borrower must complete line 13 of PPP Schedule A by dividing line 12 by line 11 of that schedule.
- Step 4. Enter the borrower's total FTE as of the earlier of December 31, 2020, and the date this application is submitted:
- Step 5. If the entry for step 4 is greater than or equal to step 2, enter 1.0 on line 13 of PPP Schedule A; the FTE Reduction Safe Harbor 2 has been satisfied. Otherwise, FTE Reduction Safe Harbor 2 does not apply and the Borrower must complete line 13 of PPP Schedule A by dividing line 12 by line 11 of that schedule.

Forgiveness Application EZ – No reduction in FTE certification

b. When must a borrower apply for loan forgiveness or start making payments on a loan? A borrower may submit a loan forgiveness application any time on or before the maturity date of the loan – including before the end of the covered period – if the borrower has used all of the loan proceeds for which the borrower is requesting forgiveness. If the borrower applies for forgiveness before the end of the covered period and has reduced any employee's salaries or wages in excess of 25 percent, the borrower must account for the excess salary reduction for the full 8-week or 24-week covered period, as described in Part III.5.
