Leading global IT Solution provider and Applications Managed Services firm, ennVee TechnoGroup Inc. acquires WhiteLight Group, Inc.

Naperville, Illinois (December 27, 2021) – ennVee Technogroup Inc., announced today that it is acquiring WhiteLight Group, Inc., an Enterprise Solutions company specialized in Oracle JD Edwards, Robotic Process Automation, and Managed Services, to become the leading end-to-end Enterprise Resource Planning firm of their size in the Enterprise software space.

The purchase of WhiteLight Group, Inc., based in Milwaukee, WI, further increases ennVee's share in the Enterprise Solutions market. "The combination of the two organizations will provide our clients an expanded field of resources, as well as an end-to-end catalog of service offerings for their business process solutions," said **Veera Venugopal** president of ennVee TechnoGroup Inc. "This acquisition is also expected to result in greater efficiencies and significantly increase our market share," added Venugopal.

EVP, **Joe Bong**, said, "Having known both companies for 20+ years and working for both over 5+ years, there's no better synergistic pairing of two companies than ennVee and WhiteLight Group, for customers and employees. As a combined force of 450 full-time consultants across the globe, we now provide end-to-end solutions for Oracle EBS, Oracle Cloud, JD Edwards, NetSuite, SAP, and Microsoft Dynamics. The ability to provide all solutions from our industry experts, both technical and functional, will provide customers with an unprecedented level of support and pricing with our onshore and offshore employees."

The partnership with ennVee TechnoGroup will deepen WhiteLight Group's existing offerings in the ERP space. "The integrations of both companies will take place over the next few weeks. Our clients will continue to receive the same high-quality consulting and delivery work they've come to expect," stated **Mike Schultz**, President of WhiteLight Group. WhiteLight Group, Inc., will continue to operate under that name.
