Fast, High Quality and Reliable

I bought my HP 365 on May2018 and its running unstoppable ever since, super reliable, compared to other brands with a HP you can actually run the shop with less workforce, as theres no need to worry about anything regarding maintenance.

Received an incentive for this review No

Yes, I recommend this product.

You'll be shown tutorial videos, technical specifications, compatible product or accessories, and ideal use recommendations

Overview

Email: hplatem@grimco.com for monthly webinar info.

Produce high quality for indoors and out at production speeds ideal for handling urgent jobs. Do textiles. Eliminate dry time—and provide same-day delivery. Keep your running costs low and boost your capacity.

- **Ideal for:** Print service providers who need higher capacity and want to deliver high-quality, durable outdoor and indoor applications with fast turnarounds.
- **Media Sizes:** 10 to 64-in rolls (22 to 64-in rolls with full support)
- **Media Handling:** Roll feed; take-up reel; automatic cutter (for vinyl, paper-based media, backlit polyester film). Print on a wide variety of textiles—including porous textiles—with the ink collector.
- **Ethernet & Mobile Printing:** Post-0 gabit Ethernet. Stay connected with your printer in real time while you're away with the free HP Latex Mobile app.
- **Print Speeds:** 980 f/yr - Max Speed (1 pass); 334 f/yr - Outdoor High Speed (4 pass); 248 f/yr - Outdoor Plus (6 pass); 183 f/yr - Indoor Quality (8 pass); 131 f/yr - Indoor High Quality (10 pass); 65 f/yr - Backlit, Textiles, and Canvas (16 pass); 54 f/yr - High Saturation Textiles (20 pass)
- **Intuitive Control Panel:** Simplified color management, directly from the front panel, 8-inch touchscreen.
- **Why to Buy:** Exceed client expectations with production speeds ideal for handling urgent jobs. The HP Latex 365 Printer produces indoor and outdoor prints on a variety of traditional signage substrates—even textiles. And high-quality, durable prints provide scratch resistance comparable to hard-solvent inks.
- **Eco-Friendly:** HP Latex inks are UL ECOLOGO® and UL GREENGUARD GOLD Certified.

Customer Testimonials

"Nano showed up on Tuesday afternoon. He went straight to work and showed a passion and willingness do whatever it was going to take to get us up and running. If everyone portrayed Nano's desire and passion, this world would be a utopia. I cannot say enough about him and his professionalism."

- *Jim (Owner) Greater Charlotte, NC area*

"I just wanted to take a minute this afternoon and say thank you to Patrick! He was an awesome tech with plenty of experience. He is a great asset to your new printer customers and very informative. He did a stand up job for Grimco. He really knows his stuff."

- *Lee (Owner) Greater Nashville, TN area*

"I can't thank you enough and tell you how thrilled I am with the attention, urgency, and results you delivered! Steve just left our facility after spending the entire day here. We now have accurate color, working profiles, and an understanding of what we should be looking for. Steve hit it out of the Park!"

- *John (GM) Greater Chicago, IL area*
