SmartSpace Software signs distribution agreement with Softcat

31 July 2020, 13:14

Source - SMW

Space management software supplier SmartSpace Software said it had signed a distribution agreement with Softcat to resell its workspace management solution.

The Space Connect solution would be offered to Softcat's customers as a solution to help them implement Covid-related policies in the workplace.

SmartSpace said it had also recently secured additional enterprise customers for its Workplace platform, including an international law firm and an international news agency.
