

## 35mmø x 1175-5230mm Heavy Duty Fibreglass Telescopic Handle

SKU: FGH5

804548009040

Fibreglass telescopic handle. This handle is 1175mm when closed, and 5230mm when fully extended. It has five extending parts, each with a lever lock. The tapered thread fits all brooms and squeegees in our Hygiene Range, though when over half extended extended only lighter brooms and squeegees are suitable. When fully extended, we suggest only use of light attachments, such as the dusting brushes T1072 or COR7. Some products (like the COR7) are best used with the AH/CON.
