

29mmø Galvanised Steel Socket with Wing Nuts and Bolts

SKU: SNB1

804548016864

As NO1S with zinc plated wing nuts & bolts. This socket will fit all our platform brooms, and most flat top brooms and prevents the frustration of the handle working loose. The socket takes a 28mm wood pole, and should be used whenever the broom is likely to have regular heavy use. Consider also the plastic PLST6, or using a STYS1 or STYS2 metal stay. Note that stays are good for wide, open areas but can get in the way when sweeping around congested areas.
