

600mm Swivel Head Squeegee - White

SKU: SWPLSB60W

804548018127

600mm single blade squeegee, with swivel socket threaded to fit all handles in the Hygiene Range. This Polypropylene squeegee is light, very durable, metal free and wonderfully effective. The swivel socket allows easy cleaning in awkward areas, for example under low tables. Recommended handles ALH7, ALH8, ALH27. The rubber used is a special oil resistant formula. However, oils tend to degrade rubber of any kind and if oil is likely to be in contact with the squeegee regularly, the user should do tests beforehand, to make sure the squeegee performs to expectations. Many other types of squeegee are available, including double foam squeegees, and wood and metal squeegees. See also the non swivel socket version, PLSB60.
