

## Declaration of Food Contact Approval on Epoxy Resin Used in Hillbrush Hygiene Resin Set DRS® Brushware

Hillbrush Resin Set DRS® Brushware uses Epoxy Resin that is formulated to create a solid seal against the Polypropylene back and Polyester filament. The Epoxy Resin has Biomaster Silver Ion Anti-Microbial additive included to inhibit the growth of pathogens.

Epoxy Resin is made up of Permaset Epoxy Resin and PF Neutral Hardener, both have been produced in accordance with a recipe formulated in compliance with several food compliant standards. The dual chemical composition complies with the following recommendations for food contact applications.

**Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food:**

The composition is compliant

**Regulation (EU) No 10/2011 on plastic materials intended to come into contact with food, as amended by Regulation (EU) No 2018/831, OJ L140/35, 6<sup>th</sup> June 2018:**

The composition is compliant

**Framework Resolution ResAP (2004) 1, CEPE Code of Practice:**

The composition is compliant

**FDA. Food Contact: Adhesives (21 CFR 175.105):**

The composition is compliant

**FDA. Food Contact@ Resinous & Polymeric Coatings (21 CFR 175.300):**

The composition is compliant

**China. Permitted Additives in Food Contact Materials (GB 9685-2016, Table A.1, NHPC, 19<sup>th</sup> Oct. 2017, as amended through March 2018):**

The composition is compliant
