October 2021

Dear Friend of The Prentice School,

Re: Education Elevated Annual Gala Auction

On April 23, 2022, we will host our Education Elevated gala, our largest single fundraiser for the year, held at the Newport Beach Country Club. We will celebrate 35 years of success and look toward the next 35 years with optimism. We hope you will join us in our efforts to provide the best education possible for children with language-based learning differences by donating an item to our auction.

Learning and attention issues affect one out of every five students, resulting in twenty percent of students struggling to learn in the traditional classroom. Children who learn differently are known to be innovative thinkers who make outstanding contributions to our communities. Nevertheless, many fall short of their full potential because lack of appropriate instruction limits opportunities for these student to learn. Often misunderstood for not being capable of more, expectations are lowered, thus making it even harder for students with learning differences to be successful in college or the workforce.

At Prentice, students who learn differently quickly discover that they are smart and can learn when they have a teacher who can unleash their potential. We teach to each student's strength through research-based methods and multi-sensory instructional strategies. As they learn to harness their skills, Prentice students experience personal transformation in a short period of time. They become confident to raise their hand, participate in class, self-advocate, and enjoy learning.

Will you join us to celebrate the talents of our students by making a donation to our silent auction? Let's work together to impact the lives of students who learn differently and continue our legacy for The Next 35 Years!

Warmest regards,

Devon Green
