REPORTS AND DASHBOARDS THROUGH MICROSOFT POWER BI

For the 14th consecutive year, Gartner® recognizes Microsoft as a Leader in the Gartner Magic Quadrant™ for Analytics and Business Intelligence Platforms.

Power BI is a business intelligence service by Microsoft that is hosted in Azure. Power BI provides the dashboards and reports you need to better manage your business.

- Power BI is seamlessly integrated in iRely

- You can embed, edit, and view Power BI reports directly from iRely

- iRely authenticates Power BI reports using Azure Active Directory SSO

- You can manage all reports from within iRely using role permissions

- Power BI connects to any kind of data regardless of where it is
  - Import and combine data from over 100 sources (SQL, Excel, Oracle, Azure, Google Analytics, JIRA, etc.)

- Extremely powerful ETL (Extract, Transform and Load) imports data to Azure in near real time
  - Offloads the data processing from an iRely live database and maintains performance
  - Compresses data up to 10x the original size

- Over 30 million dashboards are hosted in the Power BI service
  - Over 20,000 TB of data ingested every month, and 12 million queries processed every hour

- Most secure BI in the world
  - On-premises data gateway to keep your data up to date and secure
