ABB

Faster than a Speeding BULLET, Quick Connect Liquidtight Fittings

Aptly named the BULLET, ABB's new Quick Connect™ liquidtight fittings allows for fast and effective installation of the fitting into a box or panel without having to access the inside of the enclosure. It was designed to provide a liquidtight seal when terminating liquidtight nonmetallic conduit (UL Type B) to a box. [Continue Reading...](#)

Cables for Food and Beverage Processing Applications

Safe and sanitary manufacturing conditions are essential when it comes to the food and beverage industry. The food safe design of LUTZE SILFLEX® FBP makes it the ultimate cabling solution for these demanding requirements. [Continue Reading...](#)

EDWARDS
SIGNALING DEVICES

Heavy duty, Reliable, Multi-color Visual Signaling Device

Like a chameleon Edwards' 105XBRi Series XTRA-BRITETM LED Multi-Status Indicator does it all. With a quick adjustment to the dip switch settings, the flexible multi-status indicators can instantly adapt for use with or without an external control

device (PLC, PAC or control relay).
