

Standard Electric Supply Co.

JANUARY'S ADVANTAGE

e-Newsletter

STANDARD ELECTRIC SUPPLY CO. NATIONAL CUSTOMER SOLUTIONS

Standard Electric is a proud member distributor partner of supplyFORCE. What does that mean for your business?

- Access to key manufacturing lines
- Local fulfillment and support
- Enhanced supply chain efficiency
- Cost savings
- Maintain local relationships
- One corporate agreement

1919

100 Years of Setting the Standard
1919 - 2019
Standard Electric Supply Co.

In 1919, these four visionary men formed Standard Light Co., known today as Standard Electric Supply Co. As a manufacturer of lighting fixtures and parts they planned to bring electric lighting to the sparsely electrified Milwaukee, WI area.

WAGO 750-471 4-CHANNEL AI MODULE

High Resolution, Flexible Parameterization

A new module joins the WAGO-I/O-SYSTEM 750: The 750-471 4-Channel AI Module features four electrically isolated multipoint inputs, making it ideal for all applications in which signal acquisition requires high immunity to interface.

At a glance:

- Electrically isolated input channels
- Reduction of interference susceptibility in distributed systems
- Protection against errors due to current loops
- High precision with 16-bit resolution
- Individually parametrizable (channel by channel for each encoder)

SAFETY SWITCH CES-C07

IO-Link Communication Data

The CES-C07 supplements the familiar and frequently used option of connecting sensors in series by adding much more comprehensive diagnostics.

Snapshot of advantages:

- Minimum space requirement thanks to compact design

- Variable approach and mounting options
- Unicode and multicode versions to suit application
- Two safe semiconductor outputs
- Switch chains up to 200m long possible
- Series connection with full diagnostics (in combination with ESM-CB)
