100 Years of Setting the Standard
1919 – 2019
Standard Electric Supply Co.

1930s

The 1930s brought with them the Great Depression, but despite the hard times faced by many Standard Light Co. flourished. Our founders listened to the needs of our customers and refocused our business on electrical distribution. Our lighting manufacturing was phased out in the mid-thirties and we changed our name to reflect our new business – we were now known as Standard Electric Supply Co.

INDUSTRIAL NETWORK RJ45 CONNECTORS
Ethernet connectivity for industrial environment

LUTZE
SYSTEMATIC TECHNOLOGY

LUTZE's RJ45 connectors are designed with a rugged zinc die-cast metal housing with quick-connect IDC (Insulation Displacement Connector) technology that us user friendly with labor and time saving features as no special tools are required, making them ideal for quick field wiring in industrial applications.

Beneficial features include:

- Transmission frequency 10 Gigabits/s
- Cat 6$_A$
- T568A, T568B or Profinet coded
- Suitable for industrial network and data applications
- UL Listed
