

Standard Electric Supply Co. and Rittal present

# SAVE MONEY AND REDUCE COSTS OF CLIMATE CONTROL WITH RITTAL SERVICES

Every industrial environment depends on their equipment running at peak efficiency and the well-being of your components rely on the productivity of your cabinet AC system. Unplanned downtime can lead to missed orders, expensive repairs, and lost profitability. Learn how Rittal services help avoid downtime, extend the life of components, and reduce energy costs.

**WEBINAR**

**Tuesday, July 28**

9:00AM - 10:00AM
