

SPEEDGAUGE®

Speeding Matters - EVERYWHERE

**BETTER DRIVERS, SAFER FLEETS, BIGGER RETURNS...
SIMPLY BY REDUCING SPEEDING RISK**

Posted speed limit insights reinforce safe driving and produce tangible benefits across your organization.

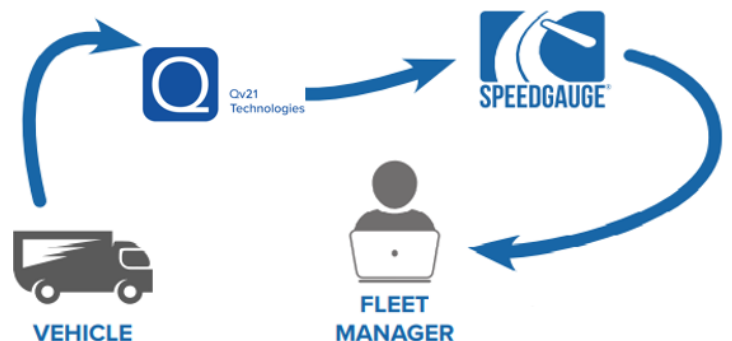

- Coach, retain and incentivize drivers
- Increase revenue and improve efficiency
- Lower operational, insurance and legal costs
- Reduce mechanical wear and tear
- Protect your brand and reputation
- Improve your CSA safety score
- Meet customer contractor compliance requirements

A highly valued affordable software solution, offered by Qv21 Technologies, and used by thousands of fleets in the U.S. and Canada.

No hardware needed. No installation required.
Use data already collected.

- Sold as a value-added service
- Subscribing to SpeedGauge is easy
- Account setup is fast, simple and handled for you

More than a basic over-the-limit alert:

- Specific detail on actual speed vs. posted speed limit
- Available on all road types
- Understand and improve speeding behavior

The essential driver coaching and performance improvement solution reduces speeding and driving risk...saving money, saving lives.

WE DON'T POINT A FINGER, WE LEND A HAND

WITH SAFETY TRAINING & COACHING, CONSULTATION & TREND ANALYSIS TO IMPROVE FLEET SPEEDING BEHAVIOR

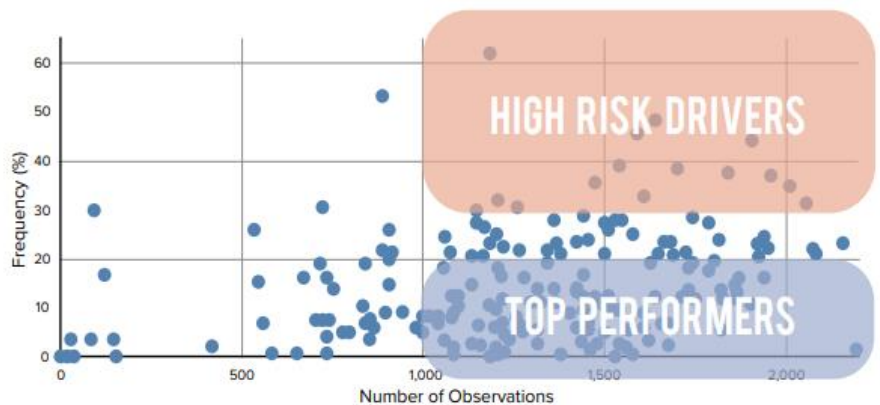

SpeedGauge shows fleet managers where to focus coaching efforts.

Easily identify:

- Your top performers
- Risky behavior
- Custom limits and geofence zone infractions
- And more...

Reports, charts, alerts and maps give you access to all the information you need to control speeding in your fleet.

Data that informs, not overwhelms.

Watch your fleet's speeding trends improve over time!

The SpeedGauge Safety Center has an immediate, positive impact. New users typically reduce speeding by 50% within the first 30 to 60 days.

"Before using SpeedGauge Safety Center, we didn't know who was good and who was just lucky. Now we have the answer."

Sud Malhotra, Fleet Manager
Powerbev, Coldhaus Direct,
PURBrands, Critical Freight Solutions.
