Play-based fun with values-based learning.

Lodgic Kids Camp offers a play-based curriculum in a child-centered environment where teachers facilitate hands-on learning experiences based on the ages and interests of the children. Our classroom curriculum includes developmentally appropriate literacy, math, science, movement, music, creative arts, and emotional regulation.

“Our boys (5 and 7) love [Lodgic Kids Camp]. There are lots of activities to enjoy, and they are always excited to go! We appreciate the flexibility, the super-clean facility, and the fun staff. Everything about it feels right!”

— Erika K.
Meet Tommy Moose, our friend and peer.

Tommy joins us from his Heartland home to play alongside the children and lead by example. He helps teachers at Lodgic Kids Camp engage the kids as they develop real-world social and emotional intelligence through play-based learning. Our philosophy comes from more than 100 years of caring for children structured around six core values, and Tommy lives out these values every day at Kids Camp: empathy, caring, respect, kindness, responsibility, and service.

Follow along as Tommy and other Kids Campers learn and live the Six Big Mooseheart Values.

Enriching age-based environments.

Our spaces are designed to inspire children to explore and engage, with time and space to learn and grow at their own pace. Each classroom is staged for learning with attractive, age-appropriate, authentic, and open-ended learning materials. Teachers cultivate your child’s natural curiosity. And our environments are designed to foster creativity, empowering children as active participants in their own learning.
