**Export Agents &
Worldwide Shippers.**

Our History

Netcargo International was formed in 2001 and has since enjoyed balanced growth; creating a stable platform to provide a professional service in all aspects of international freight forwarding and logistics.

We are totally independent, we operate utilising 100% in-house resources both in UK - (Which serves as our HQ) and in Nigeria which we believe is one of our key strengths. This provides us with complete control over our operations, suppliers and business partners and allows us to deliver a very personal yet, professional service.

It is our personal commitment to maintain both cost and service advantages in a prompt manner throughout every step of the shipping process.

Let our experts help you accomplish your company's freight goals.

Learn More

Our Team

Our continuing success is based on the genuine dynamism and enthusiasm of the Netcargo Group of Companies. The retention of excellent staff and long established business relations across our worldwide network has helped Netcargo International to maintain and cultivate a friendly and highly skilled team.

Our Approach

The company philosophy has remained steadfast since our formation in 2001. What sets Netcargo International apart from other companies is its attention to detail; we leave absolutely nothing to chance and that's why our current clients are so loyal.

Our Clients

Netcargo International assist clients with their logistics requirements from a wide range of industries including aerospace, manufacturing, engineering, events and exhibitions, chemicals and oil & gas.

Our Advantage

We focus on understanding the business objectives for your company, then look at how we can support those initiatives from a Trading and logistics perspective. We embrace your International Trading Services Requirements.
