POTENTIAL IMPACTS TO RESOURCES

Disturbance to Sea Floor, Scour

Turbidity; **Accidental Releases**

Displacement; Disruption to Breeding, Feeding

Habitat Disturbance/

Bird Strikes; **Habitat Loss**

Spatial/Temporal Conflicts with Other **Authorized Users**

Reduced Fishing, Recreation & Tourism Activities; Increase in Non-Local Employees

Effects on **Historic Resources**; **Visual impacts**

Climate Change / **Carbon Emissions**

POTENTIAL CONSEQUENCES

Instability of Turbine structure

· Reduced Water Quality

- Injury
- Permanent Displacement
- Mortality

Interference with Shipping, Military, Aircraft

- Decreased Jobs/Revenue
- Increased Jobs/Revenue (construction)Reduced Housing/ Services Available

Destruction / Damage to Historic Resources or Viewsheds

- **Construction Emissions**
- Zero Carbon Emissions (operation)
