GRAVITY SOFTWARE®
vs. XERO™

SIDE-BY-SIDE COMPARISON

TELL TALE SIGNS YOU'VE OUTGROWN XERO

Xero is a great starting point for small businesses with basic accounting needs. It may have served you well so far, but does it have what it takes to help your business grow now, and into the future? Business needs can change quickly and once your company starts to grow you need to invest in innovative technology applications. View our comparison scorecard to see why Gravity Software is the best alternative to Xero.

Built on the Microsoft Power Platform, Gravity increases productivity, efficiencies and streamlines the accounting process to help you focus on what's most important to your business.

Feature Rich Capabilities

- Multi-Company financial reporting and inter-company transactions

- Sophisticated multi-location, department or profit center reporting
