

# BILL OF MATERIALS

INTUITIVE, COMPREHENSIVE AND HIGHLY FUNCTIONAL CAPABILITIES

## DO YOU KNOW YOUR TRUE COST OF GOODS?

When it comes to accurately tracking the financials of every component used to make your products, your Bill of Materials can get long, convoluted and confusing if not managed effectively.

Gravity Software's™ versatile accounting app makes it easy to organize, categorize and quantify expenditures for raw materials regardless of the levels, stages and/or multiple products being managed. With Gravity, you'll never run out of key materials, your costs will remain on track, your runs will be completed as expected and all your departments will be well-informed and on task.

### Ready to take the next steps?

Simplify your teams productivity and provide your business with the platform needed to grow.
