PAYMENT PROCESSING

AUTOMATED CLEARING HOUSE (ACH) PAYMENT PROCESSING

STILL BUYING PRE-PRINTED CHECKS?

As your business grows and you work with more suppliers and vendors, you're going to be processing a greater volume of outgoing payments.

But that growth can also create tiresome work for you if your systems aren't fine-tuned for efficiency. If you're still buying, processing and mailing printed checks, you could be wasting time and energy on accounts payable tasks that could be nearly fully automated.

What you need is the Automated Clearing House (ACH) payment processing prebuilt into Gravity Software™.
