

WESTECHTM **JACKAL**

LIQUID VACUUM TRUCK

RUGGED & SIMPLE

WESTECHTM JACKAL

Our industrial and municipal customers know what they want, and we're listening. The tough, durable Jackal with its customer-inspired design is Alberta-built with the superior quality and features required for liquid cleanup jobs. The Jackal is Transport Canada (TC) Code 407** and ASME Pressure Vessel certified for transportation of dangerous goods. This beast is built like a tank! Count on the Jackal for years of extreme service.
